## ABOUT OTHER MINDS

Founded in San Francisco in 1992, Other Minds is a leading organization for new and experimental music in all its forms, devoted to championing the most original, eccentric, and underrepresented creative voices in contemporary music. From festival concerts, film screenings, radio broadcasts and the commissioning of new works, to producing and releasing CDs, preserving thousands of interviews and concerts and distributing them free on the Internet, Other Minds has become one of the world's major conservators of new music's ecology.
